

iC Economiser Plus

COMBINATION BOILERS

Each boiler in our flagship Economiser range carries a built-in Passive Flue Gas Heat Recovery Device (PFGHRD) that recycles lost heat, further protecting the environment while helping you save even more on your annual gas bills.

Rated 'Excellent'

Precision engineered for unmatched **reliability** and **efficiency**

Founded in the Netherlands in 1948 with an engineering passion that still exists today, ATAG is trusted throughout the world by architects, design engineers, and homeowners alike to deliver unrivalled boiler build quality, reliability, and efficiency. From airports and commercial buildings to caring for homeowners, ATAG boilers deliver the lowest cost of ownership available today.

Key features and benefits

- ✔ **Peace of mind** with 12 years warranty as standard and the option of an industry leading 18 years (best buy with UK homeowners)
- ✔ **Built to last** and precision engineered using brass and stainless steel components for ultimate reliability
- ✔ **Maximum £ savings** on your monthly gas bills with being A-rated and the most efficient boiler range in Europe
- ✔ **Near zero loss** of % efficiency during the boiler lifetime thanks to the unique ATAG iCon stainless steel heat exchanger, which also has a lifetime warranty
- ✔ **Efficient monitoring** and control of your system with our aesthetically pleasing range of simple or wireless smart controllers
- ✔ **Boiler plus compliant** out the box
- ✔ **Fully compatible** with the ATAG OneZone smart controller and easy to use ATAG Programmable Room Thermostat
- ✔ **Incredible hot water** performance with the largest model delivering 17.0 litres per minute

“

I researched the market for a Passive Flue Heat Recovery Device to maximise my fuel bill savings and found ATAG the only manufacturer to have this technology in a compact combination boiler. I purchased the Economiser 35kw with an 18 years warranty and ATAG OneZone controller and not only am I surprised how quiet the boiler is but also how much money I'm saving on my gas bills. Thoroughly impressed.

Mr GJ Donalson
